# SLYRS

### WHISKEY MADE IN BAVARIA

Crafted in the heart of Bavaria, Slyrs whiskey is a testament to tradition and innovation. Founded in 1999 by Florian Stetter, it began as a passion project in his garage in Schliersee. Inspired by the lush landscapes of the Bavarian alps, Slyrs whiskey embodies the essence of its surroundings.

Slyrs whiskey quickly gained recognition for its exceptional quality and distinct flavor profile.

Using locally sourced barley and pure alpine water, Slyrs whiskey captures the essence of Bavaria in every bottle.

## **MONKEY 47**

### **THE GERMAN GIN SENSATION**

Born from the visionary mind of Alexander Stein, Monkey 47 began its journey in 2008. Inspired by the natural beauty of the black forest and a passion for innovation, it quickly captured the hearts of gin enthusiasts around the world.

What began as a labor of love in Alexander's distillery near Loßburg soon evolved into a global sensation. Monkey 47 gin's unique blend of forty seven handpicked botanicals, including cranberries and spruce, creates a flavor profile unlike any other.

In 2011, the Monkey 47 distillery found its permanent home in the picturesque town of Böhringen, where it continues to craft its award-winning gin to this day.

## THE DUKE

### GIN MADE IN MUNICH

The Duke gin is a tribute to bavaria's rich distilling heritage, born from a simple idea in 2007. Crafted in munich, it embodies the essence of german gin with carefully selected botanicals.

Despite humble beginnings in a student apartment, the duke gin quickly gained popularity, leading to a need for a new production site.

In 2016, the duke distillery found its home in a former potato distillery in Aschheim. Here, tradition meets innovation as handcrafted distillation continues with a new, larger copper still.

## **SELVA NEGRA**

### **A GERMAN AGAVE TEMPTATION**

Crafted by seasoned industry experts with a passion for tequila and mezcal, Selva Negra is a tribute to the unexpected. Their secret lies in the elusive mexican wild agave Salmiana, sourced straight from Mexico, renowned for its floral notes and subtle pepperiness.

Guided by the skillful hand of distiller Florian Faude, they ferment Salmiana extract with a special wine yeast and double-distill it to perfection. Between distillation steps, they infuse the essence of black forest spruce, adding a touch of local magic.

And as for that smoke?

Utilizing local woods, they impart a delicate smokiness that's sure to please every palate.
