

JULIET ROSE

MUNICH

THERE ONCE WAS A MAN WHO LOVED ROSES

his name was DAVID AUSTIN, and he loved them so much, that he began breeding hundreds of them.

the most precious one is said to have cost him almost fifteen years and several million pounds. his masterpiece, the SWEET JULIET, a tribute to her famous namesake from romeo & juliet.

every day, my team and i try to create special moments for our guests. with the same passion david had. it's a pleasure to have you - enjoy your time.

WELCOME TO JULIET ROSE

with david austin's majestic rose at the forefront of the bar's theme, our cocktails have been split into four categories relating to the botanical properties #fromroottofruit. although the blossoms are the most memorable aspect of every rose, it's also the most volatile. to make sure we look at it as a whole, with all its complexity and many facets, we decided to dedicate each part of the rose a separate taste category.

on the next pages you'll find timeless classics, modern twists, and, of course, our own creations - and don't worry, there is much more to discover. just ask our team for a recommendation.

GET TIPSY FOR THE GOOD CAUSE

for the following cocktails we use the ecoSPIRITS system, which helps us save an average of 150g CO₂ with every cocktail we serve. the program also cultivates, plants and protects trees by local village cooperatives in thailand and indonesia with help of the green steps group. on average, each tree in our personal ecoSPIRITS forest will sequester 2,300kg of CO₂ over its 100 year lifespan.
