MUNICH

## THERE ONCE WAS A MAN WHO LOVED ROSES

his name was DAVID AUSTIN, and he loved them so much, that he began breeding hundreds of them.

the most precious one is said to have cost him almost ten years and several million pounds. his masterpiece, the SWEET JULIET, a tribute to her famous namesake from romeo & juliet.

every day, we try to create special moments for our guests. with the same passion david had. whether you want to try a cocktail, a good wine or one of our many selected spirits today - we are happy that you are here with us!

# ALCOHOL AWARENESS AND NON-ALCOHOLIC COCKTAILS

here at JULIET ROSE we prioritize alcohol awareness to ensure a well informed and enjoyable experience.

in our commitment to transparency, we've diligently listed the alcohol content for all our cocktails, spirits, and more. we understand the importance of choice, which is why we are delighted to introduce alcohol free alternatives for many classic spirits, ensuring you don't have to compromise on taste or experience.

if you have any questions or need personalized recommendations, our knowledgeable team is here to assist you on your journey. cheers to embracing a delightful and responsible experience, where you can savor every moment without missing out on a thing!

you can order cocktails with this icon\* in a non-alcoholic version for 11.50

please ask our team for information on allergens & additives.  
all prices in euro & including vat.

# SUSTAINABILITY, ZERO WASTE AND ecoSPIRITS

another big topic here at JULIET ROSE is sustainability and waste reduction we strive to minimize waste and incorporate eco friendly alternatives wherever possible for instance, this menu is printed on recycled paper, and our straws are made from german reed, a rapidly renewable environmental resource.

additionally, we are proud to collaborate with ecoSPIRITS to further our commitment to sustainability for some of our cocktails, we utilize the ecoSPIRITS system, not only contributing to an average saving of 150 g of  $CO_2$  with each cocktail served, but also actively supporting tree cultivation, planting, and protection by local village cooperatives in thailand and indonesia through their partnership with the green steps group in our personal ecoSPIRITS forest, each tree will sequester an impressive 2 300 kg of  $CO_2$  over its 100 year lifespan.

we appreciate your decision to embark on this eco conscious journey with us cheers to a greener and more responsible enjoyment!
